

## Child Development Center Research Protocol

- I. Submit a research request.
- II. Allow 2-4 weeks for screening. Requests are screened by the Director for a variety of factors, such as:
  - a. IRB approval
  - b. Feasibility
  - c. Safety / well-being of participants
  - d. Timeline
  - e. Level of involvement
  - f. Impact on classrooms
  - g. Benefit to children, staff, families, and Center
  - h. Other current or expected projects and collaborations
- III. After receiving written project approval from the Director, you will need to:
  - a. Complete a background check (instructions will be provided)
  - b. Complete a TB test with negative results
  - c. Schedule meeting with Director and classroom time with teacher(s)
  - d. Be available to discuss project with families and teachers
  - e. Prepare and deliver staff professional development and / or family workshops
  - f. Collaborate with CDC faculty and staff on publications and presentations

## Research Request

To apply to conduct research at the CDC, please complete and submit the request form to Dr. Thomas Beatty, Interim Director.
